OBJECTIVE

A motivated Bachelor of Science in Information Technology graduate seeking an opportunity to apply my technical, organizational, and problem-solving skills in a professional environment. With hands-on experience in IT support, data encoding, and technical work, I am eager to contribute to the organization while continuing to learn, develop new skills, and take on new challenges.

EXPERIENCE

IT SUPPORT INTERN — Allied Care Experts (ACE) Medical Center (Jan 2025 – Dec 2025)

- Performed data encoding and assisted in maintaining accurate records.
- Organized and managed documents and records.
- Maintained and updated inventory records.
- Assisted with administrative and data-related tasks.
- Provided basic PC and printer troubleshooting support.

AUTOMOTIVE LIGHTING TECHNICIAN — Next Stage Automotive Lights & Retrofit (Jan 2026 – Present)

- Assist in the installation and retrofitting of automotive headlights and lighting systems.
- Perform basic automotive electrical work, including wiring, connections, and installation of lighting components.
- Assist with installation of LED headlights, DRLs, projectors, and related automotive lighting accessories.
- Diagnose and troubleshoot basic lighting and electrical issues.
- Use hand tools and electrical equipment while following proper installation and safety procedures.
- Work efficiently in a hands-on environment while learning and adapting to different automotive lighting systems.

EDUCATION

PAMANTASAN NG LUNGSOD NG VALENZUELA (PLV) – TERTIARY EDUCATION (2022 – 2026)

- BACHELOR OF SCIENCE IN INFORMATION TECHNOLOGY

TECHNICAL SKILLS

- **Data Encoding:** Microsoft Excel, Data Entry
- **Microsoft Office:** Excel, Word, PowerPoint, Publisher
- **Database Management:** Firebase
- **Web Development:** HTML, CSS, JavaScript, PHP
- **IT Support:** PC, Printer, Hardware & Software Troubleshooting
- **Automotive Electrical & Lighting:** Headlight Retrofitting, LED/DRL Installation, Basic Wiring & Troubleshooting

PROJECTS

EcoRide Parada: Bike-renting system – Capstone Project | Technical Lead (Jan 2025 – Dec 2025)

- Developed a database-driven bike-renting system for managing user, bike, rental, and administrative records.
- Organized and managed system data using Firebase, ensuring information was properly stored and accessible.
- Developed and maintained system features involving data entry, record management, and administrative monitoring.
- Collaborated with team members in developing and documenting the system.
